

## *Senior Living and Care Solutions*

Adam Flattau is a certified senior advisor, CSA, working with families and seniors to help assure them of receiving the best living and care solutions. Adam has helped hundreds of families find the best senior living solution, get the answers and information they need so they can make educated decisions and establish well thought out plans. Adam and Senior Care Authority provide these placement services at no cost to families as compensation comes directly from the assisted living communities. Adam was born, raised and currently resides in the same Long Island town in which he grew up. He spends much of his time visiting and reviewing Long Island's senior communities — including assisted living, independent living, memory care, and skilled nursing facilities — to help his clients make the best possible decision for their loved ones. Adam meets one-on-one with families to assess their needs. He accompanies them on visits to top-rated facilities, assists with negotiations and paperwork, and follows up with families after a placement is made. If the timing isn't right for moving into a senior living community, Adam will help the caregiver, family, and senior understand all of the options available to them.
